The positions of the planets and house cusps at the time of your birth are given below. The interpretation of this astrological data is divided into ten chapters as follows: I. Your General Nature, II. Inner Responsiveness, III. Mentality, IV. Inner Needs - Desires - Sexuality, V. Energy - Drive - Activity, VI. Expansiveness - Growth - Success, VII. Seriousness - Concentration - Limitations, VIII. Originality - Spontaneity - Independence, IX. Imagination - Ideals - Sprituality, X. Compulsiveness - Fate - Mission.

General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

Your sensitive and sometimes tentative approach to others may be misconstrued as insincere or lightweight, so you must take extra care to choose your words with sincerity. Your ability to quickly dodge a troublesome situation, however, will be an asset.

Ascendant in Gemini

Key Quality

You are sensitive, sympathetic, and easily take on the needs and hurts of others, sometimes to the exclusion of your own. You are able to adapt well to emotional situations as long as you do not let them overwhelm you or put yourself under another's control

Sun in Pisces

Key Activity

You will find that you have a rather high profile in life, no matter what you do, so be prepared to live at least a good part of your personal life within the view of others. Try not to let this obscure a partner's visibility unless you both wish it.

Sun in Tenth House

Chapter Highlights

You have a very strong concern for, and sense of, what others have to say about you and will likely find yourself generally in the public eye for this reason. Take special care to guard your privacy if you want it, or else it will be hard to keep.

Sun Conjunct Midheaven Orb: 02°18'

Intensity is the key to your relationship style and you throw yourself wholeheartedly into an affair with total sincerity but sometimes with blinders on. Putting all your eggs in one basket, you go for all or nothing: just go with your eyes open.

Moon Conjunct Sun Orb: 03°15'

Your inner personality is reflected strongly and easily through your outer appearance, so it will be natural to get your message across with body language alone, particularly when words fail. Sincerity very much shows, your heart is on your sleeve.

Sun Trine Ascendant Orb: 06°55'

Chapter II. Inner Responsiveness

Key Quality

You are extremely intuitive and your first reaction is to identify closely with another, while sometimes losing perspective on your own needs. You are the perfect shoulder to lean on, as long as you give the rest of yourself what's needed to support it.

Moon in Pisces

Key Activity

The way you react to situations may tend to get you noticed a lot and you should get used to having a relatively high profile. Thus, you may want to hold some of your feelings in check which you don't want to become common knowledge or community news.

Moon in Tenth House

Chapter Highlights

Intensity is the key to your relationship style and you throw yourself wholeheartedly into an affair with total sincerity but sometimes with blinders on. Putting all your eggs in one basket, you go for all or nothing: just go with your eyes open.

Moon Conjunct Sun Orb: 03°15'

The way you respond to others tends to give you a high profile, keeps you in the public eye, so monitor how you react, as you may be held more accountable for it than you had intended. The price of fame is limited privacy, your interests not your own.

Moon Conjunct Midheaven Orb: 05°33'

Chapter III. Mentality

Key Quality

You have an intuitive sense of what is going on in a relationship, but don't be too vocal about it, as the other party may not know or even be ready for what you have to say. Gently lead forth and develop the directions you see so that both share.

Mercury in Pisces

Key Activity

Like it or not, your ideas are likely to get pretty well spread around, for better or for worse, so shape them carefully to draw the kind of person to yourself you want. If your public image is different than your private self, you'll have connect trouble.

Mercury in Tenth House

Chapter Highlights

It may be difficult to express your feelings and wishes to those you care about deeply. You may take the easier way out and remain silent. Don't hide your love; take the time and effort to learn to speak it more clearly.

Mercury Semisquare Venus Orb: 00°16'

A strong, aggressive mentality makes for effective communication from your end, but it may be one way only unless you back off when necessary and let your partner speak out. You needn't worry about getting your point across -- you always will, and first.

Mercury Conjunct Mars Orb: 03°26'

The urge to express yourself strongly may be hard to overcome at times, but put a cork on it in the absence of a close, understanding partner. What you just know to be right could be dead wrong, so don't expose your flank to your enemies or rivals.

Mercury Opposite Pluto Orb: 04°07'

You take your mental approach to things quite seriously and intend that each word should count and not be wasted. Others may thus underestimate the gravity or intensity of your meaning, especially when you mix it with humor or emotional levity.

Mercury Conjunct Saturn Orb: 04°12'

Flashes of insight show you directions of promise but don't always tell you the whole story, so be ready to get a partner to fill in where you leave off, warn you of dangers you might have overlooked in previously uncharted, experimental territory.

Mercury Opposite Uranus Orb: 04°49'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your desires may conform to what others think of as the straight and narrow, but they are nonetheless intense for it. You want a proven love you can do your all for, one that will be enduring and survive all trials -- ruggedness before tenderness. Tough.

Venus in Capricorn

Key Activity

Your desires are on the intense but rather hidden side, one of which feeds the other as real expression of the intensity you feel is hard to come by and therefore builds upon itself. Total immersion in a relationship where self can be lost is ideal.

Venus in Eighth House

Chapter Highlights

It may be difficult to express your feelings and wishes to those you care about deeply. You may take the easier way out and remain silent. Don't hide your love; take the time and effort to learn to speak it more clearly.

Mercury Semisquare Venus Orb: 00°16'

Chapter V Energy - Drive - Activity

Key Quality

You search and seize your partner's needs and feelings in a seemingly random, sporadic way, which is in fact directed by a high sense of intuition. Do not confuse this with indecision, but follow it where it (and you) lead you both on.

Mars in Pisces

Key Activity

Your efforts are likely to bring attention to yourself at large, whether intended to or not and you may thus attract partners who desire your notoriety as much as your inner qualities. Love and professional life may best not be mixed or at least with care.

Mars in Tenth House

Chapter Highlights

Your tendency to push against an obstacle until you knock it down, then go on to the next and repeat, may be using up more valuable energy than simple circumvention. Consider the possibility before you strain yourself in a contest of wills.

Mars Opposite Pluto Orb: 00°40'

You're in there for the long haul and can succeed at affairs that require dogged, unflagging determination, day after day. If you have such patience, your partner may not, so do not expect of another that extra mile which you require of yourself.

Mars Conjunct Saturn Orb: 00°45'

Highly staccatto energy flow may need to be regulated, smoothed out to blend in with the operations of others. Too quick, erratic comings and goings leave confusion, upheaval which watchful self-monitoring can fully bring under control with attention.

Mars Opposite Uranus Orb: 01°23'

A strong, aggressive mentality makes for effective communication from your end, but it may be one way only unless you back off when necessary and let your partner speak out. You needn't worry about getting your point across -- you always will, and first.

Mercury Conjunct Mars Orb: 03°26'

No matter how much you accomplish, you are not satisfied with it. This may cause you to jump from one thing to another in hope of finding a faster route to the pot of gold at the end of the rainbow. Go after those big goals and enjoy each step.

Mars Square Jupiter Orb: 04°24'

A natural ability to act out fantasies stems from innately knowing what is feasible and what is not. Thus you can lead another down dream paths that bear fruit and wind back home, rather than into disappointing cul-de-sacs. A doer of diaphanous deeds.

Mars Trine Neptune Orb: 05°17'

Chapter VI. Expansiveness - Growth - Success

Key Quality

You prefer to develop a relationship in as many directions as it can sustain more or less at the same time. It is not necessary to achieve depth (which will come in time) before moving on to enrich the experience. Slower partners may get left behind.

Jupiter in Gemini

Key Activity

Most of your major efforts and creativity in life will likely be spent behind the scenes doing good (or ill) for others. Because you are less than likely to get the credit, make sure the thing itself is its own satisfaction as others reap your effects.

Jupiter in Twelfth House

Chapter Highlights

It can be easy to jump too quickly onto a brand-new bandwagon that may subsequently have a flat tire. If others balk at going along with you, stand back for a second look, as they may be seeing something you missed, despite your initial impressions.

Jupiter Square Uranus Orb: 03°02'

A strong talent for performance allows you to dominate your personal surroundings, but may squeeze out the contributions others could make to your show, so make room for the supporting cast in your life-- soliloquies can get tiring, and tiresome as well.

Jupiter Conjunct Ascendant Orb: 03°26'

You may have difficulty judging the social parameters around you and therefore mismanipulate your environment at times by going too far or not far enough in the judgment of others. Treasure a partner with good advice and make sure that you act on it.

Jupiter Square Saturn Orb: 03°39'

It is all too easy to open up your path by simply shoving aside obstacles that, in fact, shouldn't be moved. Pursuing your version of the future should be done with open eyes, allowing plenty of room for the visions of others to flourish.

Jupiter Square Pluto Orb: 03°44'

No matter how much you accomplish, you are not satisfied with it. This may cause you to jump from one thing to another in hope of finding a faster route to the pot of gold at the end of the rainbow. Go after those big goals and enjoy each step.

Mars Square Jupiter Orb: 04°24'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You seek your most precious needs and security in places most think least likely to find them. You succeed or fail by your own inner judgement and here you are harshest with yourself. Let the glow of another be your light, and rekindle what you judge.

Saturn in Pisces

Key Activity

Whatever people hear about you is likely to stick for a long time, so don't burst into public unprepared. Once there, your lasting image may disallow more personal encounters where others cannot see the vulnerable and changing you. Open up for them.

Saturn in Tenth House

Chapter Highlights

Enforcing strong inner strictures may be the easiest and most immediate way to stem insecurity, but can severely limit your ability to relate to and grow with another. You may have to practice some risk-taking to achieve real satisfaction.

Saturn Opposite Pluto Orb: 00°05'

Challenging, original ideas sometimes have a hard time breaking out of established patterns that hold them back. Progress tends to be sudden and rapid or non-existent, so be willing to mount a major effort to break down internal barriers: storm your walls

Saturn Opposite Uranus Orb: 00°37'

You're in there for the long haul and can succeed at affairs that require dogged, unflagging determination, day after day. If you have such patience, your partner may not, so do not expect of another that extra mile which you require of yourself.

Mars Conjunct Saturn Orb: 00°45'

Jupiter Square Saturn Orb: 03°39'

You take your mental approach to things quite seriously and intend that each word should count and not be wasted. Others may thus underestimate the gravity or intensity of your meaning, especially when you mix it with humor or emotional levity.

Mercury Conjunct Saturn Orb: 04°12'

Progress toward fulfilling your dreams and fantasies tends to be regular, sustained, with periodic results yielding satisfaction and encouragement to stay on the track for the long haul. Inner beliefs don't stray to the unreal where they disappoint you.

Saturn Trine Neptune Orb: 04°32'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

You may find you have the ability to figure out a person's entire personality from just a few specific clues or actions. You will very often be correct in this, but always back up your opinions with more data before making a move, as looks can fool.

Uranus in Virgo

Key Activity

Home is a sometimes thing and you may find that you move around a bit -- lending a combination of annoyance and inventiveness. If you want to avoid explosive personal affairs, don't move in with someone or at least keep it separate but equal for peace.

Uranus in Fourth House

Chapter Highlights

Challenging, original ideas sometimes have a hard time breaking out of established patterns that hold them back. Progress tends to be sudden and rapid or non-existent, so be willing to mount a major effort to break down internal barriers: storm your walls

Saturn Opposite Uranus Orb: 00°37'

The drive to self-discovery is extremely strong and the push to find out what is really happening may cause others to think you a bit self-obsessed -- but when you finally do hit the nail on the head, you drive it in with a single stroke, amazing all.

Uranus Conjunct Pluto Orb: 00°42'

Highly staccatto energy flow may need to be regulated, smoothed out to blend in with the operations of others. Too quick, erratic comings and goings leave confusion, upheaval which watchful self-monitoring can fully bring under control with attention.

Mars Opposite Uranus Orb: 01°23'

It can be easy to jump too quickly onto a brand-new bandwagon that may subsequently have a flat tire. If others balk at going along with you, stand back for a second look, as they may be seeing something you missed, despite your initial impressions.

Jupiter Square Uranus Orb: 03°02'

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Sextile Neptune Orb: 03°54'

Flashes of insight show you directions of promise but don't always tell you the whole story, so be ready to get a partner to fill in where you leave off, warn you of dangers you might have overlooked in previously uncharted, experimental territory.

Mercury Opposite Uranus Orb: 04°49'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

That which is most difficult or dangerous to attain you tend to make your heart's goal. This can bring you to the inner depths of revelation or put you on the rocks. Remembering that the very greatest mysteries of life & love are right before you helps.

Neptune in Scorpio

Key Activity

Helping people with their emotional and psychic needs is one of your aspirations. Practical chores do not hold your attention, and consequently you do not perform most jobs very well. Psychology, healing, welfare work, and ministry are good areas.

Neptune in Sixth House

Chapter Highlights

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Sextile Neptune Orb: 03°54'

Neptune Sextile Pluto Orb: 04°37'

A natural ability to act out fantasies stems from innately knowing what is feasible and what is not. Thus you can lead another down dream paths that bear fruit and wind back home, rather than into disappointing cul-de-sacs. A doer of diaphanous deeds.

Mars Trine Neptune Orb: 05°17'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

The dominant belief of your generation, which you share to an extent, is that if you do it just right, you'll get what you want. A lot was done, but much was wanting in the end, because of your illusion of control. You do what you can, that's all.

Pluto in Virgo

Key Activity

Your home is your castle much more than for most. It is your base of external and internal control and can at times seem like a fortress. As long as you've got the fundamentals right, you're safe. Try a walk in the sunshine alone, home safely in heart.
