Introduction

This report has been written to introduce you to the concepts of astrology and how to get started in relationship astrology. Astrology is a complex and meaningful science which takes years to study and apply successfully; however, we would like to whet your appetite with this report, and encourage you to deepen your understanding through other means.

Astrology is a study of the connection between planets and life on Earth. It is based on a concept that energy patterns form between other planets and Earth and that these energies affect our lives as individuals and communities.

An astrological chart, also known as a horoscope, natal chart, or birth chart, records the relationship between the planets and the signs of the Zodiac. Charts can be calculated for the birth of a person, a community, an event or anything that seems momentous. The horoscope is as individual and unique as a fingerprint.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection your chart, as it is likely that you do experience conflicting desires, events and circumstances in your life. Usually it is the responsibility of an astrologer to synthesize these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Please also be aware of the fact that each person has positive and negative influences in the chart, and therefore in their lives. The challenge is to accept and overcome the negative influences, so that we can successfully focus on the positive traits. This report outlines the influence of both people's charts on each other. This is called relationship synastry meaning the comparison of two horoscopes and the correlations discovered. It is likely that the report will show both the strengths and weaknesses of the relationship synastry. Any advice given is meant to be an aid to a person taking responsibility for their own lives and their own choices within a relationship. The ultimate decision rests with each individual. The author and publisher accept no liability for any adverse affects of this report.

Australian astrologer Stephanie Johnson has written the text in this report. Stephanie holds a Bachelor of Arts (Journalism) and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affects his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

Traits of Jennifer

Venus is in the 11th House

When the planet Venus is placed in the eleventh house of your birth chart friendships are an important component of your life - a great source of satisfaction and pleasure. Your marriage partner may have initially been a friend, who later became a lover. A popular person, you enjoy a wide variety of friends from all walks of life, who seem to take up a considerable amount of your time. Your friendships with women may be more prominent than those with men. At times you feel that you owe your success to your friends or your life partner, and this is probably true. Your relationships are beneficial, contributing to your happiness and helping you achieve your hopes and wishes. This may even involve financial gifts or favors. It's also possible that groups and clubs feature in your life. You enjoy belonging to a group of like-minded people, feeling supported by the relationships that are formed. This could involve you taking a prominent role in a group, or simply working quietly in the background. Either way you're particularly keen on becoming a member of a group with goals that benefit humanity. You may meet your spouse through such a group, or share your group activities with your partner.

The Moon is in the 7th House

The Moon is placed in the seventh house of your birth chart suggesting that your primary relationship plays a key role in your life, dominating your moods and actions. It's likely that you marry at a young age, but if not you put a lot of time and energy into searching for the right person to share your life. The life of the single person isn't an easy one for you and you can be quite restless in your endeavors to find a partner. If you're married then you're sensitive to the feelings of your partner and keen to put them at their ease. You're likely to either adapt your behaviour to please your partner, or to rebel against his or her influence. The influence is the same in that his or her behaviour is dictating your mood swings. The problem is that you can allow your primary relationship to be too dominating, sacrificing your own needs and desires to the other person. At worst, your partner is fickle and not worth the effort that you're expending. This is an extreme representation of the astrological influences. It's also likely that your partner is simply changeable and of an unsettled nature, seeking change and stimulation through travel and work. Therefore you simply need to reassess your priorities and to work towards a balance between loving compromise and self-assertion. You need to seek a partner who honors your emotional needs. You need also to be wary of letting your relationship with a woman, possibly your mother or mother-in-law, influence your marriage or potential marital partners. Knowing your own heart and feelings helps considerably in these situations. In ancient times the Moon was considered to be in a strong position when

placed in the seventh house of a chart, meaning that you're in a strong position to achieve your personal ambitions. This, of course, depends on other influences in your birth chart.

Venus is in Virgo

With Venus in the sign of Virgo you'll seek meaningful relationships with a practical basis. You may appear to be timid and shy to others, but you're simply wary, weighing up the pros and cons before entering into intimate friendships or a meaningful relationship. You approach your primary relationship with caution, preferring to take things slowly so that you can build a lasting relationship based on real principles rather than romantic illusion. It's not that you don't enjoy a little romance. It's simply that you prefer to know that a relationship is going to last in the long term. For these reasons you may suffer some disappointments in love, as others are discouraged by your reticence, failing to recognize the depths of your affection. You admire neatness and punctuality, preferring someone who is hard working and healthy living like yourself. You enjoy someone who can converse on sensible subjects, perhaps even with an analytical mind. You need to be wary of being too judgmental, expecting perfection where it can't possibly exist.

Traits of Marc

Venus is in the 9th House

When the planet Venus is placed in the ninth house of your birth chart relationships are a source of spiritual and philosophical inspiration. It's important that your primary relationship be with a person who can meet you on the same intellectual level, or be a willing student of yours. Intellectual matters are not a strain, but are a source of great pleasure. Whereas some people are focused on their daily lives, you prefer to be thinking about matters further afield. Therefore you enjoy activities that stretch your mind and help you escape from the mundane world. You enjoy traveling to other countries, meeting people and experiencing different cultures. Religions also hold an intellectual interest. Your travels abroad are likely to be successful. You're also hospitable and enjoy meeting people from other countries, who are more than happy to return your hospitality at a later date. You seem to spend so much time traveling to and from other countries that your friends are hardly surprised to hear that you're likely to marry a foreigner. In some cases you marry a person with spiritual, scientific, literary or artistic inclinations. These inclinations reflect your own interests. Academic study and lectures also hold a great appeal, again because they are intellectually satisfying. If you enjoy reading, then you're more likely to read a literary work or serious study, rather than a light novel. Depending on other influences in your chart, you're likely to form a good primary relationship and enjoy good fortune in life.

Venus is in Leo

With Venus in the sign of Leo you're affectionate and passionate in your primary relationship, enjoying a sense of play and romance. You're likely to ardently pursue your partner basking in the delights and pleasures of love, particularly in the first romantic stage. Your partner is likely to benefit from your generous and thoughtful nature, enjoying being the recipient of your spontaneous gestures. However, you do like your loved one to show an appropriate amount of appreciation, and your enthusiasm for the relationship is also likely to wane if your loved one doesn't return your affections in full, also showering you with gifts and attention. With the right person you'll take great pride in the relationship, eager to share your happiness with your friends. You enjoy attending social outings where you can take real pleasure in the company of other people. Anything that provides entertainment and fun will suffice, although you may prefer attending arts activities, such as dance, theatre and art galleries. Depending on other aspects in your birth chart, you may be extraverted or introverted in your relationships. Either way it's difficult for others to resist your joyful approach to relationships, and as a result you're likely to benefit through your relationships with other people, in particular through people holding high places in society.

Venus is Trine Mars

The planets Venus and Mars are combining in your chart indicating that you seek a stimulating and romantic relationship. You're charming and assertive, passionate and alive, and admire these qualities in a potential intimate partner. You love to share your adventures with your partner, and it's likely that your relationship will inspire both you

and your partner to explore new territory. You need only be wary of holding unrealistically high expectations of your partner, as this can lead to difficulties. This is more likely to be the case when you're young and idealistic. You're liable to disappointment, perhaps even angry feelings, when your partner fails to live up to your expectations. You could also feel angry if rejected in love. Fortunately you've an irrepressible side to your nature, on which you can rely in times of relationship trouble. You're a loyal and fun-loving partner with an ability to balance intimacy with independence.

Venus is Square The Moon

You're likely to experience problems in your relationships, particularly your relationships with women. This is because of the difficult combination of the Moon and the planet Venus in your chart. On the one hand you could tend to take your relationships for granted, spending little time or effort on improving yourself or your friendships. As a result you're likely to be somewhat unpopular and lose face. If you're looking for favors from your friends, or for a satisfactory primary relationship, then you need to take stock and improve your attitude. On the other hand it's also possible that your friends tend to take you for granted. On a more positive note you enjoy the company of other people, and may benefit through your relationships with women, but probably only with some effort on your behalf.

Venus is Square Neptune

The planets Venus and Neptune are combining in a manner, which indicates disappointment in your primary relationship. The problem is that you're idealistic and unrealistic when it comes to personal relationships, lacking the discriminatory powers needed to form a steady and lasting partnership. This applies to both your personal and business partnerships. Consequently you often feel disillusioned and sorry for yourself, blaming others for failing to live up to your expectations. It's possible that your partner is indeed deceiving you in some manner, but it's also possible that you're not being honest. Either way it's likely that you're seeing your primary relationship through rose-colored glasses, and as a result conflict arises because of your lack of discernment. You're caught in a web of fantasies and romantic illusions, either of your own or your partner's making. Coming to terms with the reality of your relationship helps you obtain a better understanding of your primary relationship, and prevent you from becoming disillusioned. Taking off the rose-colored glasses means that you can make a proper assessment of your primary relationship. As a result you'll experience fewer feelings of resentment and disappointment, and won't be in danger of overlooking some major flaws such as drug addiction or deceit. With the right partner you'll enjoy a sense of peace and fulfillment. You may also enjoy artistic or spiritual pursuits together. You're ardent and loving, responding quickly to your partner's need. In turn you benefit from acts of kindness, love and appreciation.

Jennifer intuitively understands Marc's emotional needs and relates to Marc in a caring manner. This is a harmonious relationship. Problems can occur if Marc becomes overly dependent on Jennifer. However, on the whole it augurs well for a personal relationship which thrives on mutual love and understanding.

Marc's and Jennifer's deep feelings for each other need to be nurtured in a loving manner in order for the union to be long lasting. This relationship can be a positive or a negative experience, depending on how Marc and Jennifer handle intense feelings. Some individuals thrive on intensity, while others feel threatened and powerless. Marc is likely to feel that Jennifer has transformed his life in some way. It's possible that Jennifer has changed the way that Marc feels about the world, making him conscious of things that have been bubbling under the surface for a long time. Life is not the same for Marc once he encounters Jennifer. Marc is able to see through the explosive behaviour to the true heart of Jennifer and to nurture Jennifer's goodness in ways that she has not previously encountered. As a result Jennifer deeply appreciates the emotional support offered by Marc. This is indeed a passionate union.

Marc's Moon is Opposite Jennifer's Saturn (Orb 1°04')

Many astrologers believe that a connection between the serious planet Saturn and a personal planet such as the Moon is important, enabling the relationship to be long lasting. However, this can also be a difficult connection. Marc and Jennifer can both suffer from feelings of discontent and insecurity within this union. They work hard to cover up their sense that some emotional warmth is lacking, but there are times when

they despair of getting their needs met. Marc feels this lack of emotional warmth keenly. It is difficult for him to relax and feel truly appreciated in this relationship. Jennifer brings a certain coldness to the union, finding it difficult to generate emotional warmth. Jennifer may feel that her attempts at intimacy are misunderstood and met with an overly-emotional reaction from Marc. Much work needs to be done in order to understand each other. On a positive note this combination of planets can indicate a committed to resolve difficulties. Therefore Marc and Jennifer have the strong possibility of being able to stay in this relationship on a long-term basis and reap the rewards of a stable and secure union. A satisfying relationship can result from Marc's and Jennifer's patience and persistence.

Marc's Sun is Trine Jennifer's Saturn (Orb 2°29')

Many astrologers believe that a connection between the serious planet Saturn and a personal planet such as the Sun is important, providing the cement for a long-lasting relationship. In other words a serious planet is needed for a serious, meaningful union such as marriage. It is certainly true that the combination of the Sun and Saturn is found in many, meaningful relationships. However, the harmful planet Saturn can also cause problems. The extent of the problems varies according to the astrological aspect. Certainly this combination indicates that Marc and Jennifer both view this as a serious association, whether it is a marriage, friendship or a working partnership. Both Marc and Jennifer are committed to their association. It is likely that they experienced a strong attraction in the initial stages of their relationship, and it is likely to be long lasting. When Marc and Jennifer first meet they each know they have discovered a potential serious relationship, one to which they can commit and build on over a lifetime. If they believe in reincarnation, then it is likely that they feel a karmic attraction, a moment of recognition when they first look into the other person's eyes. However, the very qualities, which they seriously considered as attractive in the initial stages of the relationship, can become the source of friction if they are not careful. In particular, Jennifer needs to be wary of becoming too critical and judgmental. Initially Jennifer found Marc's personality traits to be worthy of a committed union. She admired Marc's qualities as complementing her own. However, it is easy for Jennifer to forget this attraction. As the relationship develops she feels threatened by the force of Marc's personality and takes a superior attitude in defense. As a result Marc feels threatened, disliking the authoritarian side of Jennifer. If Marc is not careful his self-confidence is whittled away and the relationship becomes onerous. It is vital that both Marc and Jennifer work at developing a stable basis for communication and understanding in this relationship. If both Marc and Jennifer work at maintaining their own self-confidence as well as mutual respect then they have the makings for a very successful marriage or working relationship. If this is the case they both benefit from the stability offered by this union, growing in integrity in their own lives.

Jennifer's Sun is Sextile Marc's Uranus (Orb 2°22')

This is a relationship full of verve and romance. Jennifer and Marc are attracted to each other from the moment that they first meet and continue to experience excitement and joy in each other's company. an adventure when Jennifer and Marc are together. Their relationship may run a somewhat erratic or unorthodox course, but Jennifer and Marc are both happy in the knowledge that theirs is a unique union. Jennifer is excited by Marc's creativity, which somehow enhances her personal goals. Marc helps Jennifer to see life in a new and different manner, freeing Jennifer from past inhibitions. Marc knows that he has encountered someone who truly appreciates him as an individual. Marc can better express his original thoughts and ideas as a result of his relationship with Jennifer.
