## ***Your Planetary Day***

*While the calendar we use in the West dates from the 1500s, the seven days of the week have repeated without interruption for over two millennia. From ancient times, each day of the week has been associated with the Sun, Moon or one of the five visible planets. The weekday on which you were born shows where you stand in this ancient seven-fold cycle, and gives you a special link with the quality of its planetary ruler.*

### **You were born on a Tuesday.**

In English, Tuesday is named for Tiu, a Norse god who, like his Romance-language counterpart Mars, is associated with war and athletics. Astrologically, Mars, rules red, iron, blood, and the animal kingdom. In the Kabbalah, Mars is associated with Samael, angel of destruction, who clears the way for new creation. The sin of Mars is wrath and destructiveness, but his virtues are courage, activity, frankness and fairness. Keeping order and proportion in human affairs, fighting for justice, and defending the weak are among the highest uses of Mars energy. “Tuesday’s child is full of grace.” — *Harper’s Weekly*, 1887.

## ***About Personal Numerology***

*The report that follows explores the numerological meaning of your birth date and the full name that was given to you at birth. Its aim is to make you more aware of the tendencies and patterns in your life, so that you can live more consciously, and more fully become the person you were meant to be.*

*As you read the following pages, remember that they describe pure types for each number. No one, of course, exhibits these character traits in their pure form. Instead, each of us is multi-dimensional, made up of many energy imperatives vying for expression. Some energies harmonize easily, while others are at cross-purposes, causing us to live with contradictions and inner conflicts. Our task is to honor all parts of ourselves and work at bringing our disparate selves into some kind of balance and cooperation. By making us more aware of our inner tendencies, numerology can help us to do this all-important work on ourselves.*

*In our families and other groups of which we are a part, some behaviors are encouraged and others are discouraged. If who we are wasn’t acceptable, we probably contorted ourselves to be what others wanted us to be. If so, we may have become what is called a “turn-type.”*

*For example, we may negatively manifest a number by expressing its opposite, as when the independent number 1 type becomes extremely dependent. Alternatively, the energy is out of balance and expressed extremely, as when the daring number 1 type becomes foolhardy. Or the energy is not developed enough, so that the number 1 is cowardly instead of courageous.*

*Because we feel that a certain trait is unacceptable and unworthy of us according to the biases of our family, superiors or peers, we may not be able to relate to it in ourselves. We may then spend many years discovering who we really are apart from other people’s expectations of us.*

*Studies such as numerology can help us find our way out of this maze, orienting us toward our true being and the highest manifestation of what we are. They can give us an objective picture of our strengths and weaknesses, show us our place in the larger scheme of things, and help us find the hidden gold in our characters, which we may not have even suspected that we had.*

***How Numerology Works.*** *Through the use of ancient principles, numerology can derive a world of meaning from your birthdate and birth name. In the course of your life other numbers may become important for you, and you will probably acquire other names, but, like your astrological birth chart, the numerological vibrations at the very beginning of your life set the tone for all that follows.*

*To find the meaning inherent in your day, month and year of birth, numerologists add the digits in various ways. Most totals turn out to be more than one digit. They therefore reduce them to a single digit by adding the digits together. Whenever a total turns out to be a master number like 11 or 22, however, it is left as-is. These doubled numbers have a special significance, and are given special interpretations.*

*To find the numerological meaning of your name, numerology assigns a number to each letter of the alphabet. In the Pythagorean system used in this report, A = 1, B = 2, and so on through the first nine letters, and then we repeat the cycle through the rest of the alphabet. We then total the numbers corresponding to the vowels, the numbers corresponding to the consonants, and the numbers corresponding to all the letters to determine specific things about your character.*

*Each digit from 1 to 9 represents a specific stage in a cycle and has its own set of associations. In general, the odd numbers are considered introverted, in the sense of being primarily focused on inner life. The even numbers tend toward extroversion: that is, being primarily focused on outer activities. The numbers 1, 6, and 22, however, are considered dual in nature.*

*This said, let us now look first at your basic character and the major themes in your life.*

## ***Your Life Path***

*The total of the day, month and year of your birth is called by numerologists the Life Path, Life Lesson, Birth Path, Birth Force or, sometimes, the Destiny number. This number is chosen by nature rather than by you or your parents, and it reflects the season and historical era of your birth. As its names suggest, it shows your mission in life, your life work and what the universe intends for you. It shows the opportunities you must seize in order to make the most of your potential. Following the life path that has been given to you will enable you to avoid continual discord and frustration, and to unfold in the way that is best for your nature. When you find your true place in the world, you will feel at home.*

### **Your birthdate total is 7.**

Your Life Path of 7 means that your destiny lies with the mental and spiritual: the path of study and the search for life's meaning. A certain solitude is necessary for your development. Your natural aloofness and detachment aren't well suited to superficial social relationships or heavy family responsibility. It's important that you specialize in a philosophical or scientific field. Don't be aggressive; instead, let opportunities come to you.

## ***Numerology based on your name: AALIYAH DANA HAUGHTON***

### ***What Motivates You in Life***

*We now move on to the name that you were given at birth. We first look at the total of the vowels in your full birth name, because this shows the emotional force that drives all that you do. Variously known as the Motivation, Soul Urge, Heart's Desire, or Inner Self number, the vowel total shows what you want out of life. Along with the Impression and Expression numbers that will be discussed below, it is a basic component of your character.*

### **The vowel total in your name is 6.**

With 6 as a Motivation number, you want to create harmony everywhere in your world, and you are committed to a well-established, nourishing domestic scene. You do all in your power to help others and to be a source of strength and guidance. You have definite principles, and actively work to set the world straight. You are also artistic and like to work with color and design. You relate to everything personally. This can be a strength, but be on guard that your emotions do not cloud your judgment.

Colors and gems have number vibrations, too. Your Motivation colors are the deeper shades of blue, and your Motivation gems are the pearl and sapphire. Wear these when you want to relax and restore your energies.

### ***More about Your Emotions and Motivations***

*The first vowel in your first name augments or mitigates the force of the vowel total, and gives additional information about your emotional nature and underlying motivations in life. It manifests differently depending on whether the vowel sound is long or short. The long vowel gives a more direct and forthright expression, while the expression of the short vowel is more muted.*

### **The first vowel in your name is A.**

“A” feels courageous and daring, and gives you the soul of a warrior. Often you do not look before you leap, impulsively getting yourself into more hot water than you'd like. But you have the dash and flair to extricate yourself no matter what. You like to be on the front line, and are not afraid to go out on a limb for your beliefs. Preferring to be the one in control, you do not take well to authority. You want to call the shots and go it alone, because you are often too impatient to wait for others.

## ***The Impression You Give to Others***

*The total of the consonants in your name is known as the Impression, Personality, Outer Self or Adapted Self number. As its names suggest, this number signifies your persona, the face you show to the world. It shows the vibrations that you project, how others see you, and the kind of impression that you make on those around you. This has its origin in your illusions and fantasies, the world you create for yourself in daydreams. Given enough energy, your fantasies become reality, because you tend to become who you think you are.*

### **Your consonant total is 3.**

Having the Impression number 3, you dream of being a very popular person: magnetically attractive, and even a sex symbol. You are the actor on center stage, the movie star, the life of the party, charming everyone with your wit. Since you are conscious of the image you project, only the latest and best in fashion will do. You may dream of the jet-set life or another glamorous lifestyle in which you are the star.

Your Impression color is yellow, and your Impression gem is the topaz. Wear these when you want to be sociable and enjoy the company of others.

## ***The Way You Express Yourself***

*The total of all the letters in your full name is variously called the Expression, Mission or Life Purpose number. Composed of both the vowels and the consonants, it represents the blending of your inner and outer selves. It thus shows the natural expression of your goals and desires: what you do best, and, by extension, your talents and career potential. It also indicates how you deal with the outside world: your style of solving problems, getting things done, and negotiating with others to attain what you would consider success.*

### **Your name total is 9.**

The Expression number 9 makes you tend to be a universe-oriented person who is by nature compassionate and understanding. You are a true humanitarian who also has the potential for high artistic achievement. A romantic at heart, you have emotions that swing from high to low. You could help humanity, and a job utilizing your aesthetic sense and sympathetic nature would suit you. Just do not drain yourself emotionally by becoming involved in too many things at once.

Your Expression colors are any and all colors in the brightest hues. Your Expression gem is the opal. Try wearing these when you need to be businesslike.

## ***Careers Offering the Best Self-Expression***

With 9 as your Expression number, consider these kinds of jobs:

**The Boss:** director of a charity organization, publisher, resort owner, judge, circulation manager.

**On Stage:** entertainer, actor, musician, teacher, philanthropist, clergyman, religious leader, reformer, politician, seller of decorative items, lecturer, promoter, receptionist.

**Service:** doctor, social worker, healer, lawyer, broker, advisor or counselor, reporter, engineer, beautician, navigator, freight dispatcher, mail clerk, policeman, fireman, parole officer, ranger.

**Just You:** composer, writer, illustrator, decorator, sculptor, author, humorist, engraver, astronomer, chemist, pilot.

**Best Bet:** any job that has humanitarian aims.

## ***The Power You Can Achieve in Maturity***

*The total of the day, month and year of your birth and your full name at birth is known variously as the Power, Maturity, Reality, Real Self, Final Opportunity, Destiny or Goal Power number. A summation of both your name and your birthdate, this number shows how the two principal streams of energy converge to fulfill the purposes of your true self. The Power number is of great significance because it gives a clue as to what your ultimate life purpose might be.*

*This vibration usually becomes manifest only in the later part of your life. In the first half of life it tends to exist only as a potential. In these earlier years you live through many experiences that temper and define your character and aptitudes. Not until the age of 35 or 40 do most people live through enough life events to find their life purpose and develop it to the point where it becomes their main focus and direction. It is then that fulfillment comes. But this is usually achieved only after many false starts, and years of struggling to gain self-knowledge.*

*Finding your right place in life is gratifying. If you have not pushed through to this achievement, you can be dissatisfied and unhappy. You may feel at loose ends, without direction, rudderless and ill at ease. But if you have lived your life in accord with the purpose that was meant to be fulfilled in this life, you will find contentment and peace of mind.*

*What follows is the mature expression of your Power number. Mature development is not about living out someone else's idea of what you should be. It has more to do with honoring your own way of being in the world and moving from your own center. It is about trusting the process of unfoldment that exists within each of us and making this your guiding principle.*

## **The total of your name and birthdate is 7.**

Seven is the archetype of the Seeker, and a Power number of 7 signifies a life in pursuit of knowledge and perfection. Sevens have a burning desire to know, and so they question, analyze, probe, explore and examine every detail of whatever stimulates their curiosity. Bright and intelligent, they have penetrating minds that miss nothing. They tend to be quiet and are often thought to be rather antisocial and unfriendly, but this is a misunderstanding. Outside pressures interfere with the imperative of this number. Sevens are introverts who require massive amounts of time alone for study and reflection. They must have solitude to think things through with the depth that naturally comes to them

In the company of others, sevens are poised, refined, philosophical and reserved. Their rich inner life fascinates them far more than what is going on in the world around them. They attract situations that stimulate their investigative and analytical abilities, and it is their insights that are their gift to the world.

## **Tarot Key 7: The Chariot**

To gain further insights about your Power number, it can help to look at the Tarot trump that corresponds to it. In your case, this is the card called the Chariot. The charioteer, dressed as a military leader, sets out on a journey with vigor and confidence, drawn forward by sphinxes. Emotions, the motivating force, are harnessed so that the Chariot can move forward. One sphinx is black, the other, white, signifying that motion comes about through the interaction of opposites. At the end of the road will be insights, and possibly invention, in far-ranging areas of the mind such as science, philosophy or the occult.

## ***Your Karmic Lessons***

*Karma numbers are digits that are completely missing in the letters of your name as given at birth. Most people have one or more Karma numbers. These missing digits serve as a guide to the areas of your life and personality that may be lacking. Such areas will benefit from special attention. If you ignore these blind spots, life can have a painful way of making you notice them. This, however, can eventually spur you forward on the path to wisdom. When you develop yourself in these areas, you will feel much more whole and complete.*

## **There are no numbers missing in your name.**

The fact that you have no Karma numbers indicates that you are a very special person! You are unusually well balanced, and have an excellent chance of resolving any personality problems. Your state of evolution is such that you are perfecting your human character and are free to give much service to the world.

## ***Your Subconscious Response***

*Your Subconscious Response is related to how many Karma numbers you have. It shows the way you tend to react in emergencies, when you have no time to consult your intellect.*

## **Your Subconscious Response number is 9.**

When the going gets rough, you can either come across in an extremely valuable way, or you can detach yourself completely from the outcome. When others panic, your ability to see the larger picture can give you a calm philosophical attitude. This can bring a much-needed calm and sense of perspective to the situation, but you must guard against a tendency to ignore the plight of others.

## ***Your Youth, Maturity and Later Years***

*So far, we've discussed the number vibrations that stay with you throughout your life. Now we move on to the three major periods of your life as shown by your Life Cycle numbers. These are derived from reducing the digits in your month, day and year of birth. The sum of the month digits describes the first period; the day, the second period; and the year, the third period.*

## **Your First Life Cycle starts at birth and lasts until age 30.**

### **Its number is 1.**

This can be a difficult first cycle, because independence is usually not very compatible with youth. When you insist upon doing things your way, you may encounter great conflicts of will with those in charge. Alternatively, at a time of life when one is naturally dependent, circumstances may force you to stand on your own, to follow your own path and not depend on others. You may be given too much freedom for you to handle at this early age. Your task is to develop your own individuality so that you can stand on your own feet gracefully.

During the First Life Cycle, your Life Path number and your First Minor Challenge number are also especially important influences.

## ***Major Decision or Turning Points in Your Life***

*Your Turning Points or Pinnacles are also derived from your full birthdate. Each of them defines a period in your life and the special issues that you will face during that period. As their name suggests, Turning Points show points of choice where you need to make decisions. Besides showing the issues at stake, the Turning Point number indicates the choice that will be best for you. Turning Points are like tests that you must pass before proceeding forward. The happiness that you feel in a given Turning Point period depends on the choices you've made and the skills you've developed when faced with the previous Turning Point.*

## **Your First Turning Point starts at birth and lasts until age 34.**

### **Its number is 8.**

This youthful Turning Point forces you to deal with issues of money and power at an early age, possibly at the expense of childhood fun. Hone your organizational abilities, learn to work hard, and expect success. The skills you acquire and the material comfort you can achieve early in life can serve as the foundation for future endeavors.

## ***The Challenges You Will Meet***

*Everyone is born with special lessons to be learned. Again, your full birth date has inherent in it two Minor Challenges that are usually presented to you earlier in life, and a Major Challenge that is lifelong but which you will probably get to master only later in life.*

*Challenges may at first present themselves to you as external obstacles to your progress, but they arise from the deficiencies that you are born with, parts that are lacking or underdeveloped. Once you can determine exactly what the weak link is, you can make a conscious effort to strengthen that trait within yourself. This takes willpower and may sometimes feel as if you are going against the grain, but it pays off abundantly in terms of progress and success in life. As you tackle each challenge, your fears are pushed back, your scope enlarges, and you feel more comfortable in the world.*

### **Your First Minor Challenge number is 6.**

The First Minor Challenge usually crops up early in life. When its number is 6, you may need to learn to shoulder responsibilities beyond your years. In doing so, you may develop a certain rigidity and intolerance, and possibly an air of self-righteousness. Your challenge, then, will be to learn to serve others while accepting them just as they are, to serve not just their material needs, but to honor their need to be themselves and do things their own way. When you have met this challenge, you will have also granted freedom to yourself..

## ***Your Best Activities for the Year***

*Your Personal Year number combines your birth month and day with the current year. Personal Year numbers go in a recurring nine-year cycle of development. Each time you go around the cycle you have a chance to do things with added wisdom and skill. Keeping your activities in tune with your current year vibration can make your existence more harmonious and keep your unfoldment upon its intended track.*

*Some numerologists believe that the new personal year number begins on January 1st of the new year. Others believe that it doesn't change until your birthday on that year, so that up until your birthday you would be using the personal year number for the preceding calendar year.*

## ***Personal Month Numbers***

*Within the year, each month has its own vibration. Your current Personal Month numbers are:*

## ***Personal Day Numbers***

*To determine each of your Personal Day numbers for the current year, find the day of the month at the left, and then find the number in the column for the month.*

## ***Where Do We Go from Here?***

*If this report has aroused your curiosity and you want to learn more, you may find that exploring your numbers with a deck of Tarot cards is an excellent means for further self-reflection.*

*Suppose that your birth date were August 19, 1962. The Tarot trump that you would look at for the month would be 8 (Strength, or in some decks, Justice). For the day, you would look at 19 (the Sun),  $1+9=10$  (the Wheel of Fortune), and, reducing it even further,  $1+0=1$  (the Magician). For the year, you would look at  $1+9+6+2=18$  (the Moon), and possibly also  $1+8=9$  (the Hermit).*

*These cards would have something to say about you and how you express these traits as you follow your destiny. Our example birth date would have the Sun in Leo, and trump 19, the Sun, would reinforce the Leo symbolism. You could see that the person is a hard worker (8) with a sunny disposition (19) who is aware of the changes in fortune that life can bring (10). Extremely creative (1), he is also a sensitive, caring person who is tuned in to other people's feelings (18).*

*It is instructive to buy a Tarot deck, put one of your cards up for a few days, and mull over the symbolism. Remember that there are no truly negative numbers or cards. All participate in the experiences of the soul as it passes through life.*

*Even trump 15, the Devil, has its place. Everyone has traits that create stumbling blocks or weaknesses. When we work to overcome these we achieve maturity and become more sympathetic to the weaknesses that we see in others. This may be an important focus for a soul with the number 15 prominent.*

*Also, trump 13, the so-called Death card, is often misunderstood. Remember that in the cycle of seasons the leaves fall and winter comes, but this death is only the precursor of the life that bursts forth in the spring. Life is not all white light and bubbles. There are dark clouds of pain and frustration as well. It's all part of the cycle.*

*Whatever you find your numbers to be, remember that nobody has it all down pat. We all have plenty to learn. We do have a choice, however. We can, if we wish, fight against our destiny or try to ignore it. Or we can, as the great psychoanalyst C.G. Jung put it, "do willingly what we must do by necessity." Viewing ourselves through the lens of studies such as numerology, the Tarot and astrology, we gain a clearer picture of what our own necessity is, and can then travel more consciously on our life's intended path.*
